

## Announcement

Following the Agreement in principle reached in August 2016, between Portugal and the European Commission, last Friday was published the official decision about state aid on the recapitalisation of Caixa Geral de Depósitos (CGD).

The European Commission has found that Portugal's plans to strengthen the capital position of fully state-owned CGD by € 3.9 billion are in line with EU state aid rules. The measures are carried out on market terms and therefore involve no state aid in favour of the bank.
