Sale of shareholder position

As established in the terms of the revised Strategic Plan agreed with DG Comp, Caixa Geral de Depósitos, S.A. committed to sell its shareholder position in one of the two CGD Group banks in the Republic of Cape Verde before the end of 2020, as previously was made public.

As a result, and following contacts over the recent months with the Government and other Authorities of Cape Verde, Caixa Geral de Depósitos has decided to sell its shareholder position in Banco Comercial do Atlântico, initiating the sale process and associated legal procedures in January 2019.

Caixa Geral de Depósitos maintains and reinforces its commitment to the development of the Cape Verde economy and its support to both clients and economic agents through its shareholder position in Banco Interatlântico, which it will continue to develop.
